Recycle your beaford Season Guide into Paper Strip Rainbows

You will need...Season Guide or other paper, paint and brushes, pencil and ruler, scissors, cotton wool, string.

Start by painting your paper on both sides in rainbow colours. Using a ruler and pencil mark out strips 2cm wide.

Vary the height of the strips at 2cm intervals making sure that the strips you want to be higher up the rainbow are the longest.

You can now assemble your rainbows using a small amount of glue at the far ends of the strips.

Once your rainbows are assembled you can add some cotton wool at each end to make fluffy clouds.

When you're happy with how they look you can hang them up using string or you could stand them on a shelf or windowsill.
